Luxury Comfort, Coastal Style

The Original FreeBeneath started in 2007 as a hand-crafted gift from a California housewife to her husband of 27 years.

Through faith, hard work and determination, the founders have built The Original FreeBeneath robes into a thriving family business.

This year, we're expanding the collection to include contemporary men's and women's loungewear.

Freedom, Comfort + Style For All

The FreeBeneath Robe offers advantages over ordinary men's and women's robes:

- No unsecured ties or belts that loosen
- No flaps that inadvertently fall open
- Our robes keep you covered and comfortable at all times
- Wear it "free beneath" or with undergarments
- Natural comfort with a lot of California style
