

Committed to treating the whole person.

We believe in providing a fully integrated treatment plan that incorporates the entire patient — body, mind and spirit. This combination of scientifically backed Eastern medicinal approaches along with traditional Western medicine is known as Integrated Medicine. At CBCC we have a dedicated Integrated Oncology Department incorporating naturopathic practices for the best holistic care.

Naturopathy focuses on finding the root cause of each condition and uses organic remedies to help the body heal itself.

Naturopathic Medicine

- Bioidentical Hormones
- Hormone Replacement
- Autoimmune Disorders
- Complex Chronic Conditions
- Adrenal and Thyroid Conditions

Men's Health

Address the root cause of conditions such as hormone imbalances, digestive disorders, and chronic stress using dietary changes, herbs and supplements, regenerative therapies, and mind-body techniques.

- Testosterone Evaluation
- Erectile Dysfunction

Integrative care for
**total mind and
body wellness.**

CBCC
NATUROPATHIC MEDICINE

Our Naturopathic services offer a holistic, personalized, and non-pharmaceutical approach to identify the root cause of illness or pain, and treat your conditions with a prevention-focused approach.

May be a good fit for those experiencing:

- Chronic Pain
- Autoimmune Disorders
- Women's Health Issues (*Mensuration, Menopause*)
- Fatigue and Sleep Difficulties
- Weight Management
- Men's Health Issues (*Erectile Dysfunction*)
- Hormone Imbalances and More

Integrative Pain Management

Enhance current treatment models by incorporating a range of nonpharmacological modalities to lessen pain and improve overall quality of life.

- Non-Pharmaceutical Treatments
- Regenerative Therapies
- Prolotherapy, Platelet Rich Plasma (PRP), Perineurial Injections

Integrative Oncology

Use evidence-based complimentary therapies alongside conventional cancer treatments to optimize health and improve quality of life.

- Manage side effects of chemotherapy and radiation treatment
- Nutritional counseling during treatment

Nutritional Counseling

Nutrition is a core component of naturopathic medicine, providing personalized dietary plans, nutrient guidance, and nutritional assessments to address health issues holistically. This approach uses food and nutrients as medicine, focusing on your body's specific needs and identifying obstacles to health such as underlying digestive disturbances, stress, to create a plan for optimal well-being.

- DNA-Based Diet & Nutrition Plans
- Diabetes Programs
- Weight Loss Programs
- Longevity Programs
- IV Vitamin Therapies & Supplements
